

LOADING TIPS

COMPLIMENTS OF UNITS MOBILE STORAGE. CALL TOLL FREE 866-569-8648

Remember, our storage UNITS rest on the ground making them easy to load. UNITS are specially designed to hold large items like couches, armoires and refrigerators. UNITS' patented pick-up and delivery system prevents the contents of your storage UNIT from shifting. We have two specially designed storage UNITS made of space age material...
No wood = no mold or moisture.

Before delivery of your storage UNIT to your CURRENT LOCATION you'll need to plan ahead. Remember you'll be receiving a 12' to 16' container. Contact your property manager, home owner's association or local authorities to ensure you will be complying with any covenants, guidelines or zoning restrictions.

Before delivery of your storage UNIT to your NEW community or location contact your property manager, home owner's association, or local authorities to ensure that you will be complying with any covenants, guidelines or zoning restrictions.

PROPERTY OR REGIME MANAGEMENT REGULATIONS REGARDING THE ON-SITE USE OF MOBILE STORAGE UNITS:

- On-Site Location Allowed for Mobile Storage Unit: _____
- Time Allowed On-Site for Mobile Storage UNIT packing/loading:

BE SMART...

- Loading in a pre-planned "smart" order will greatly reduce loading time and fatigue. It will also ensure a safer ride for your belongings.
- Remember to place cardboard or plastic sheeting on the floor of your storage UNIT prior to loading to help protect your valuables.
- Start with heavy appliances and load them on the floor against the front wall of your storage UNIT. Continue by loading heavier items toward the front of the UNIT and on the floor. Save the space above for lighter items.

LOADING TIPS

COMPLIMENTS OF UNITS MOBILE STORAGE. CALL TOLL FREE 866-569-8648

- Long pieces, like sofas, can be stood on end and anchored by other large heavy items. This greatly reduces the "footprint" of what is normally a significant space taker.
- Load lighter items and boxes marked "fragile" on top and properly secure them. Load all items as tightly as possible to reduce shifting, rubbing and puncturing during transit.

BE GENEROUS...

- Be generous with blankets and padding, and place cardboard under anything that may be scuffed or soiled by riding directly on the floor of the UNIT. Load mattresses and upholstered
- Furniture up off of the floor. Remember to use bagged pillows, stuffed animals and furniture cushions as well as additional paper and cardboard to fill all gaps and spaces.

“DO NOT SHIP” ITEMS...

Your shipment should not include anything that is poisonous, flammable, corrosive or perishable. Such items include, but are not limited to, the following:

- Fuels / Oils
- Paints / Varnishes
- Insecticides
- Liquid Bleach
- Matches / Candles
- Perishable Goods
- Live Plants
- Propane
- Paint Thinners
- Aerosol Cans
- Cleaning Chemicals
- Fire Arms or Ammunition
- Food in Glass Jars
- Pets
